

Obituary for Ines Stöcker

Our TPWS member, Mrs. Dr. Ines Stöcker passed away on June 20, 2015 after a serious illness. She got the message of this illness only in January this year.

As you may know, Ines was involved in several IAPWS Projects:

- The Development of IAPWS-IF97
- The Development of four supplementary releases to IAPWS-IF97
- The development of Advisory Note #3: Thermodynamic Derivatives from IAPWS Formulations
- The development of Advisory Note #5: Industrial Calculation of the Thermodynamic Properties of Seawater.

She attended many IAPWS Meetings, starting from 1995 in Paris up to 2007 in Lucerne and attended the ICPWS Conferences in 1999 in Toronto, 2004 in Kyoto and 2008 in Berlin.

She was involved in the preparation, organization, and realization of the ICPWS in Berlin.

She had been my co-worker at the Zittau/Görlitz University since 1993, that means, over 21 years.

Her 53rd birthday was in June.

We will keep Ines in our memory.

Stockholm, June 29, 2016

Professor Hans-Joachim Kretzschmar
